Song of youth
Me and my Nation - India

As a young citizen of India,
armed with technology, knowledge and love for my nation,
I realise, small aim is a crime.

I will work and sweat for a great vision,
the vision of transforming India into a developed nation
powered by economic strength with value system.

I am one of the citizens of a billion,
only the vision will ignite the billion souls.
It has entered into me,
the ignited soul compared to any resource,
is the most powerful resource
on the earth, above the earth and under the earth.

I will keep the lamp of knowledge burning
to achieve the vision - Developed India.

Patron's Message

In all civilized societies, the legal profession occupies a unique and responsible position. It is only the lawyer who can stand to protect the interests of downtrodden from the rich and strong people. Members of this profession were the forerunners in the freedom movement of India. They gave a modern legal system and independent Bar to the nation. Unless the bar dedicates itself to the ideal of public service, it forfeits its claim to treatment as profession in true sense of the term. Dedication to public service demands attainment of high standard of professional skill with faithful performance of duty towards client and the court. If the Bar is to enjoy public trust and confidence, it has to dedicate to its traditional ideals in a tangible way. Legal Education deals with the skills to be used in the profession of law. A

need was being felt to have good institutions of law in the states having vast rural areas like Rajasthan and Haryana. Particularly eastern Rajasthan & southern Haryana were lacking an independent law college for last so many years. Therefore, SHRI KRISHNA ACADEMY OF LEGAL EDUCATION has been set up as an independent law college at Alwar in 2003 with permission from Government of Rajasthan. It is affiliated to the University of Rajasthan and approved by the Bar Council of India. Further efforts to upgrade this institution and improve the quality of Legal education are going on.

Giving my blessings, I wish that SKALE will grow soon to become a centre of legal excellence and its law students will bring laurels to the institution.

From President's Desk

I am pleased to welcome you at SKALE for taking a decision of joining the legal education which will have a profound influence on your future. The profession of law to be achieved through legal education has always been considered a noble and respectable profession in society. From the past few years, we have been witnessing a rapidly changing era in legal education, an era of desire to know about our rights and developments in society. The citizens are becoming more and more aware of their rights and socially conscious. This has resulted into craze for obtaining legal education.

There has been a paucity of good institutions of law in Eastern Rajasthan and neighboring parts of Southern Haryana. Therefore, to cater the needs of vast rural areas of these states, Shri Krishna Academy of Legal Education has been set up at Alwar to provide quality legal education. Its Managing Committee is fully dedicated to make SKALE a centre

of excellence in the field of legal education and research. The faculty is committed for making competent lawyers and sensitising the students about the realities of law and life.

The State Government of Rajasthan had issued N.O.C. to SKALE vide its letter No. F.2 (187) Edu.IV/2003 dated 16.7.2003. The University of Rajasthan gave affiliation to it for 3 years LL.B. course from academic session 2003-2004 vide its letter no. Acad II / 2003 / 18288 dated 15.10.2003 and extended further. The Bar council of India has extended its approval to SKALE vide letter dt. 12.7.2006

As a doctor must be conversant with the skill of operation for operating his patient successfully, I think the case of a lawyer is similar that he must also be well equipped and skilled in legal knowledge to handle the case of the litigant with him. I aspire and wish that the students, faculty members and other legal luminaries joining SKALE will keep this pious cause in their mind so as to benefit the

A Word from Vice President

Legal Education has become the need of the day. The complexity of life, promulgation of new laws for the citizens and the day to day life is compelling everyone to have knowledge of the laws of the country which governs his life and profession/ vocation.

Since everyone cannot have the Legal Education, he, therefore, needs a professionally trained legal counsellor to look after his legal interests and take appropriate action.

The Eastern Gateway of Rajasthan, ALWAR in the form of SKALE has taken up the challenge of preparing highly trained legal professionals and counsellors by establishing a law college in the

Non-Government Sector in July 2003. Three batches have passed after completing studies in 2006 to 2008. Next batches joined the institution are continuing their studies. The Bar Council of India and University approval have also been received for this co-educational law college in Alwar.

We assure the students of a very high professionally trained and academically sound faculty, with rich library and modern facilities in SKALE. The emphasis will be on learning the law through interaction with legal luminaries and exercising moot courts. Extension lectures, Seminars, Workshops and legal literacy programmes are also organised by SKALE from time to

From the Desk of Secretary

SKALE is a dream institution for the Best of the Best legal Education for the young and aspiring youth of Alwar and adjoining places, where since 2003, our endeavour has been to be the best and the latest. We are planning to add some important courses after completion of 5 years of SKALE.

SKALE's university results have been the best and the programme for training of the young lawyers are unique. Its students have secured position in the university merit in 2005-06, 2006-07 and 2007-08 sessions.

We assure that the traditions of uniqueness, latest and the best of the best to continue. I hope and wish that the SKALE students will be able to learn legal skills and court manners and will join bar or bench in different areas of our nation with a mission to serve. The society, specially the downtrodden.

- Sanket Singh

From the Desk of Principal

SKALE is the destination to many aspiring minds and has established itself as a leading law college of the city in a short span of five years. This legal academy has the best infrastructure in the State in terms of Library, Class rooms, Moot Court Skills, Computer & Internet facility. It offers study of 3 years LL.B. programme, affiliated to University of Rajasthan & approved by the Bar council of India.

Shri Krishna Academy of Legal Education was founded at Alwar in 2003 by the present Union Law & Justice Minister Dr. H. R. Bhardwaj in the presence of SKALE President & Vice President along with many prominent persons of eastern Rajasthan & Southern Haryana. Since then it has grown up to become a reputed institution of the city. The examination results have been very good and three batches have passed out in 2007 & 2008. Our two girl students have brought laurels to the institution by getting place in university merit.

Mission of SKALE is to create a generation of able, competent & human lawyers who will not only enter the Bar & Bench but will also be equipped to address effectively the needs of the society with focus on the poorer sections.

About us

SKALE (Shri Krishna Academy of Legal Education) was established in 2003 by the recognition of Govt. of Rajasthan. The College is approved by Bar Council of India and is affiliated to University of Rajasthan. The College Campus is located in the heart of Alwar city on manu marg.

A Legal Advantage

Legal Education has to face the challenges in the new millennium in the wake of global changes taking place in Economic, Political and Social set-up. The services of dedicated and professionally competent advocates are necessary to meet such challenges. This is precisely what SKALE is striving for. Apart from bringing forth a generation of competent lawyers and judges who readily respond to the needs of the citizens, the college also endeavours to inculcate legal awareness in society, thus bringing the law closer to the needy and the deserving. To achieve this goal, the college imparts legal education in a distinctly different manner. The advantage is that the students will be familiarised with the legal issues confronting the people, and will be urged to find, interpret and analyse the law and relate it to real life problems. Therefore, SKALE has a primary mission of creating a

generation of able competent and humane lawyers who will not only enter the Bar & bench but will also be equipped to address effectively the imperatives of the new

Freedom of Learning

Institutions are not market places but knowledge centres, and education is not a commodity. Therefore, in order to impart professional skills to budding law persons, SKALE offers instruction in simulated settings such as Moot Courts, Mock Trials and Drama. Individual and one to one interaction is encouraged. This year the college will have the Student Bar Council which will encourage a healthy competitive environment and promote student's participation in the affairs of the college. Conferences, Workshops and Seminars are also organised periodically at the State and National levels. SKALE takes a pro-active position on all matters relating to professional and appropriate code of conduct on the part of its entire community - students, faculty and non-teaching staff.

It would be a difficult task for me to put down, in a few words the experience at the law college during the past three years. Rather, the experience that we have had, cannot be expressed in words. We never got to know when these three years passed by. Although we have been on our toes all throughout but all of it has been worthwhile.

I joined law to be able to help the deprived, exploited, down-trodden and the poor, and to fight for insurance of social justice. I hope to shape my future through learned teachers who have cultivated many successful lawyers and responsible judges.

SANDEEP KUMAR

It would not be justified if I claim, that in a page or two, I will be able to mention all what I learnt, experienced and absorbed in my first year at law college. I will try to make best of my efforts. The news of my selection made me confident and I felt that I am a suitable candidate to pursue law. This confidence will surely help in my "Professional struggle".

Ms. SARIKA GOEL

Affluence, unboundedness and abundance are our natural state. My college of law (SKALE) does not only help us to chisel and restore the memory of what we already know, but also provides attractive opportunities with corporate, legal firms which essentially helps to unfurl the dormant potentials and unused strength. So that we get highest gods of our life and achieve them.
